South African Mathematics and Science Teacher-Intern Programme (SAMSTIP)

SAMSTIP Teacher Intern Bursaries (PGCE) – 2022 Academic Year

The ISASA Mathematics and English (M&E) Programme has been recently rebranded as the South African Mathematics and Science Teacher Intern Programme (SAMSTIP).

SAMSTIP, Investec and the Department of Basic Education are offering prospective Senior and Further Education and Training (FET) teachers specialising in the fields of Mathematics and the Sciences an opportunity to secure bursaries to study for a one-year Post-graduate Certificate in Education (PGCE) at UNISA.

- Learn from and be mentored by experienced school teachers.
- Enjoy access to excellent teaching, learning resources and technology.
- Training in Independent Schools Association of Southern Africa (ISASA) member schools.
- Targeted academic enrichment support, and other value-added services.

The bursary will cover UNISA fees, textbooks, transport and accommodation allowance as well as a small monthly stipend.

Who can apply?

- Final year tertiary education students with Mathematics and Life Sciences or Natural Sciences or Physical Sciences credits.
- Graduates with the school subjects listed above.
- South African citizens who do not have a criminal record.
- Graduates below 30 years of age with Mathematics and Life Sciences or Natural Sciences or Physical Sciences majors.
- A Graduate who is already registered with a tertiary education institution for a PGCE is not eligible for the bursary.
- Applicants that meet the legal and institutional requirements of the university and have been accepted into the PGCE for the 2022 academic year.
- Applicants MUST have completed one of the above listed school subjects at a tertiary education institution (in their undergraduate qualification) up to at least second year level (NQF Level 6), and the other up to at least third year level (NQF Level 7).
